February 2024

Dear Property Owners and Commercial Tenants,

Downtown Peekskill is looking to appeal to visitors, tourists and residents alike. To achieve this, City of Peekskill Code Enforcement is embarking on an initiative to make sure that sidewalks and properties are maintained, and that sanitation and other important ordinances are enforced. Quality of life issues are the most reported concerns filed with the City.

The Peekskill Business Improvement District is writing to you to share a brief overview of CODE ENFORCEMENT GUIDELINES as prepared by the city. Please review the following summary which focuses on property owner and commercial tenant responsibilities, garbage and recycling, on-street pitch cans, signage, cafe permits, alcohol sales and consumption, and noise.

In coming weeks and through out the year, the City's code enforcement team will be out visiting businesses and property owners to educate and inform you about these ordinances before enforcement efforts begin. Those found not to be in compliance will be notified of the violation(s) and advised of what needs to be corrected before fines or other actions are imposed.

If you wish to register a complaint, or report a code enforcement issue, please complete the form found on the City's website, under “Report a Concern” at www.cityofpeekskill.com and kindly e-mail it to Jessica Spitzer, Code Enforcement Officer at jspitzer@cityofpeekskill.com

If you have any questions, please call or e-mail Jessica Spitzer, Code Enforcement Officer at jspitzer@cityofpeekskill.com or call (914) 734-4143.

Thank you for your attention and we hope this initiative will make Peekskill a more attractive and safer place to live, work, dine, walk and be entertained while increasing property values and improving our image.

Sincerely,

William J. Powers
Executive Director
Peekskill Business Improvement District

Cynthia Del Rosario
President, Board of Directors
Peekskill Business Improvement District
